Good luck! Basel will be a great football city. We haven't had a great football team in Switzerland since the famous Grasshopper Club. I'm counting on FC Basel, as an added bonus, also the placement of the new team will help the club to host European finals. They made a great impression so far. The World Cup was a super-tournament, a great all-round classic. I had to chuckle about the 'unsporting' playing style. That was a tag that was definitely well deserved. Both the Brazilian and Italian teams are going to have a lot of fun in the next years. As to Turkey, which I missed, I honestly think that they could just as well have played a friendly exhibition. Maybe that is why he and the German press mentioned it so much. The World Cup was a super-tournament, a great all-round classic. I had to chuckle about the 'unsporting' playing style.
